Fresh Menu

In August 1990, Baja Fresh® Mexican Grill opened its first restaurant featuring all-fresh, traditional fire-grilled Mexican favorites. Like many who grew up on fast food, we realized that it was time for something else, something different and something FRESH. Success was instant as customers realized they didn't have to settle for processed and pre-heated food or lots of fillers instead of flavors.

Baja Fresh continues to be passionate about serving the freshest food in bright, clean environments. We believe the benefits of eating well, being active and making a contribution to the communities we serve. We call this philosophy "Live Fresh" and you'll find this attitude in everything we do. From excluding the use of freezers, microwaves and can openers in our restaurants - to seeking the freshest quality meats, produce and ingredients to assure our customers an outstanding meal on every visit.

Eat fresh. Spend time with friends and family. Be active. Strengthen your community. Eat less. Love more. Stress less.
